**Sunday 29th July
9:00 am – 12:00 pm
Reynella Neighbourhood Centre**

Numbers will be limited by available space.
\$20 per table or take advantage of the early
bird discount, \$15 if paid in advance.
Or put your bits on the club table, \$5 or 10% of
sales whichever is the greater.
Maximum two people entry per table.

Display at Blackwood

**September, dates to be advised
9:30 am – 5:00 pm Saturday
9:30 am – 4:00 pm Sunday**

This is only a proposal from the ship modellers
at this stage as they would like to have
something a little different to add some extra
attraction at their show.
Details as they become known, watch the
noticeboard.

Strathalbyn Exhibition

**27th – 28th October
9:30 am – 5:00 pm Saturday
9:30 am – 4:00 pm Sunday
Strathalbyn Show Grounds Hall**

promotion at Keswick Station for the Overland

3801 Reunion

As you know I recently went to Sydney for a reunion and day trip on the NSW C38 numbers 3801 and 3830 it was a long consist because of the extra bookings for steam week. The locos have been repossessed by the NSW government and are housed at Thirlemere Rail Museum. The coy 3801 LTD now runs diesel number 4908 on regular day tours to the picturesque southern township of Robertson. Ken

Checking out the polish

N scale Convention

The attendees of the N Scale Convention visited our clubrooms on Saturday 19th May as part of their layout tours. They came in four coach loads of around 25 each. Groups arrived at approximately one hour intervals starting at 1:00 pm, each group stayed for about one hour to give all time to view our layouts and socialise over a drink and some munchies.

We had several members on hand to show them around and answer questions and others to help with drinks and cake. There was a good turn out of members and a selection of trains helped to entertain our visitors.

Many of the visitors commented on our clubrooms and asked about how we managed to get them, there was also some interest in the detection system that is partially installed on Paradigm and will drive the signals when they are installed.

Go to the RMCQ website at <http://www.rmcq.mixedpk.com/nsc2007.html> for many more photos of all of the layout tours.

End Of The Line Hobbies

Your One Stop Hobby Shop

End Of The Line Hobbies is offering club members a 5% discount off all purchases. To be eligible you must be a current financial member and mention your club membership at the time of purchase. The club will receive the same amount as a voucher for use as we see fit. So you can help yourself and the club at the same time.

Delivery can be arranged anywhere in the world and orders may be placed in person at the shop, via e-mail, snail mail, phone or fax. There is a stock hold option and payments can be made by Visa Card, Master Card, EFTPOS and good old fashioned cash!

Wednesday – Sunday 10:00 am – 4:30 pm

Keeping Cool

Most members will probably have heard by now, our application for a Minor Capital Works Grant from the Onkaparinga Council has been approved. I will pick up the cheque from the Council on Wednesday 13th and arrange for the installers soon after. By the time the hot weather arrives we will be nice and comfortable in air-conditioned clubrooms.

Alarm

We now have a new alarm pad fitted so the all the problems that we were experiencing should now be over. As an extra we now have one button arming so there will be less wear and tear on the keypad.

SLOG

With the sudden influx of Shay locomotives to members of the club an unofficial sub group has formed, known as the Shay Locomotive Owners Group or SLOG. Our motto is "May all other trains be held up behind us" Sloggers should pay particular attention this month to the cover of The Semaphore from RMCQ as there are two nice photographs for us.

Club Shirts

The club has stocked up on shirts so if you do not have one now is the time to correct the omission. There has been a small price increase, they are now \$24

June Long Weekend

By the time you read this Paradigm will be on display at Greyhound Park. The first stage of the train detection is installed and this will be the first real test of the system. The next stage will be working signals.

2006 Exhibition DVD

These are available for \$1 to cover costs. Please see Tony about getting yours.
